

## Bridge of Swallow-----Chinese Translation Version

### Chorus

Yes, I know the story, from China long ago 12~14  
Two lovers kept apart by chance, by mountain and by snow 14  
Swallows heard their longing, Into the sky came thronging 15 (14)  
Thus built a bridge just once each year, To dry away the lonely tear 19 (14)  
And let the lovers meet again because their love was true. 14
